

Identifying Wildflowers in Midland County

A project of Great Lakes Gardeners, with help from Midland County Master Gardener volunteers, Wild Ones, Chippewa Nature Center, Little Forks Conservancy and interested amateur naturalists

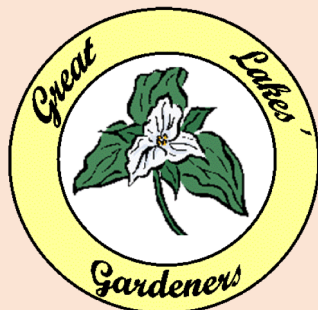

PereMarquetteWildflowers.com

- Easy to use website, available on your smartphone
- Filter by: Mile Marker, Month, Flower Color
- Search by common or botanical name
- Weekly Blog announces what's in bloom
- We welcome your comments on flowers or blogs

What's Happening on the Website?

- We are adding descriptions of size, key characteristics for identification
- We are always looking for better pictures of foliage and stems as well as flowers
- We need to know what else you would find useful

Help us improve the website

- Link to our flowers or blogs
 - Share with your friends and family
 - Encourage children to look for and identify wildflowers
 - Identify and photograph additional wildflowers to add to the website
 - Help us create meaningful descriptions
 - Share your experience with wildflowers
